Job Details

We are seeking full-time / part time bilingual (English and Cantonese) Speech Therapist(s) to cope with our operations. Our panel of Speech Therapists provides services at Hong Kong and Macau clinics, major private hospitals, nursing homes and mainstream schools. You will be responsible for:

- Assessing and treating speech, language and swallowing disorders
- Providing professional training
- Acting as a resource on clinical expertise

Since 1986, Widex Hong Kong Hearing & Speech Centre Ltd. has been a leading provider of diagnostic audiological services, speech therapy services, and quality amplification devices in the private sector. We currently manage more than 7 service centres throughout Hong Kong and Macau.

To be considered, you must possess a Bachelor or Master degree in Speech Therapy or other equivalent qualifications. You will have the opportunities to work in Hong Kong, Macau and mainland China. Experience will be a definite advantage.

Full on-job training and professional development support is provided. Competitive salaries (13 months+), continuing education opportunities, and health benefits will be offered to right candidates.

Please send CV with expected salary to Ms. Ally Yu, Executive Officer, at ay@widexhongkong.com.hk
