

## The Hong Kong Society for Rehabilitation (hereunder as 'HKSAR')

is a non-governmental organization dedicated to providing services to enhance the quality of life of persons with disability, chronic illness or challenges of aging, and to advocate for their equal opportunities in the social, civic and economic arena. We are looking for high caliber candidates to work for our newly established project **HKSAR Jockey Club Geriatric Rejuvenation Hub at Sandy Bay of Pokfulam**.

This Project aims to provide one-stop personalized, holistic and integrative rehabilitation for the geriatric population (particularly those suffered from neurological or orthopedic disease) which will be kicked off by early 2022. Services including a Short Stay Home for Intensive Rehabilitation, Day Rehabilitation Center and Home Based and Carer Support Center to facilitate the active rehabilitation and the reversal of frailty of the newly discharged patients from hospital.
