

Full-time / Part-time Speech Therapist

The Brain and Mind Institute is hiring full- and part-time speech therapists to assist with conducting a research project concerning language and communication in preschooler children with Autism Spectrum Disorder.

Responsibilities:

- (a) Contributing to developing a manual for intervention of language and communication
- (b) Providing online and face-to-face intervention to children and their parents
- (c) Conducting testing and scoring research data
- (d) Working with members of an interdisciplinary research and clinical team
- (e) Providing standard clinical services to children with communication problems more broadly, as needed.

Requirements:

- (i) A Bachelor's or Master's degree that leads to clinical Speech-Language Therapy qualification
- (ii) Native proficiency in Cantonese and strong English and Chinese writing skills

Preferred qualifications:

- (i) 3 or more years of experience working with children with ASD
- (ii) Experience in conducting research by following a highly structured clinical protocol.

Appointment will initially be made on a 1-year contract, renewable subject to good performance and mutual agreement.

Please submit your application letter and full resume with availability, current and expected salary directly to hkbrain@cuhk.edu.hk.
