# MESSAGE FROM CHAIRPERSON

**Lam Jody Pui Yee**  
**Chairperson, HKAST 2021-2022**

The Hong Kong Association of Speech Therapists has achieved a significant milestone – our 40th Anniversary! As the chairperson of HKAST, it has been a privilege to serve our community with the committee and to be part of the remarkable journey. It has been an immense honour to contribute to and witness how far HKAST has come in reaching this milestone.

As we commemorate the 40<sup>th</sup> Anniversary of HKAST, I would like to express my heartfelt gratitude to our honorary advisors, executive committee, members, community stakeholders in supporting HKAST as a spirited and innovative organisation to work on professional development and public education of speech therapy. I would also like to extend my sincere gratitude to my fellow committee, both past and present, for their devoted and dedicated efforts, support and contributions in every way. Last two years was really challenging, not only for HKAST, but for everyone in Hong Kong. I am really proud to see the patience, encouragement and support within the speech therapy field. We work together and continue to do our best in spite of the adversity and hardships.

To celebrate HKAST's 40<sup>th</sup> Anniversary, we organised a series of events and offered special discounts for our members. Our fellow members could enjoy all online professional development courses for free. Impactful public education through different collaborations were held. The variety of members' benefits were increased. Member networking was strengthened by the continuation of the mentorship programme. We hope to unite our profession and strengthen our bonding. We would like to thank you all for your participation and support to mark our 40th Anniversary celebrations.

Over the past forty years, we witnessed the improvement and expansion of speech therapy profession in Hong Kong. My salute to all speech therapists for their concerted efforts and dedication. We shall continue to strive in the years to come, for strong success and innovations in speech therapy. May HKAST, with the monumental efforts of everyone involved, create more breakthroughs and accomplish greater achievements in the coming years!

# INCORPORATION OF HKAST LIMITED

The Hong Kong Association of Speech Therapists Limited was incorporated in Hong Kong under the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) on the 3rd day of August 2022.

The Hong Kong Association of Speech Therapists was established in 1981 as a society registered by the Licensing Office of Hong Kong Police. It was governed under Societies Ordinance (Cap 151). However, as a society, liability is shared among Board of Committee and members. It is also mentioned in the Constitution (item 12) that “If the Association incurs liabilities, the sum of which exceeds the funds at the disposal of the Committee, it shall be the responsibility of all full members to meet the excess, in equal shares.” In contrast, in limited companies, liability of members is limited.

Therefore, in the HKAST AGM dated 25th September 2015, the resolution for incorporation of HKAST had been proposed and was passed, in order to start the plan of conversion of HKAST from society into limited company. In the AGM dated 24th September 2021, the proposal for the elected 2021-22 Board of Committee to be the first Board of Directors of HKAST Limited was passed. On 3rd August 2022, The Hong Kong Association of Speech Therapists Limited was incorporated in Hong Kong under the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) and replaced the society of HKAST. The Board of Committee 2021-2022 was the first Board of Directors of the HKAST Limited.

## Diagnostic Terminology For Child Language

### Disorders in Chinese

In June 2020, a special interest group on Terminology for Child Language Disorders (TCLD) was formed. The TCLD group was led by a core team including Dr. Anita Wong from the University of Hong Kong, Mr. Ashley Ng from the Child Assessment Service, Department of Health, Ms. Joanna Cheung from the Speech Therapy Service Section, Education Bureau, and Ms. Jody Lam from the Hong Kong Association of Speech Therapists. The TCLD group included members from the four speech-language therapy training programs, SLTs working for major service providers and private practice SLTs in Hong Kong. After literature review and rounds of discussion, the TCLD group summarised recommendations on the diagnostic terms to be used for child speech, language and communication disorders. In order to promote professional development among speech therapists and raise public awareness, HKAST collaborated with the TCLD group to organise a series of training workshops and webinars.

Above them is the HKAST logo and the text 'THE HONG KONG ASSOCIATION OF SPEECH THERAPISTS' and '香港言語治療師協會'. Below the illustration, the text 'ENROLL NOW!' is written in large, bold, black letters. Underneath this, a box contains the text: 'Share your valuable professional experience as a mentor or learn from an experienced therapist as a mentee.'
