Imagine

SPEECH
LANGUAGE
PATHOLOGY

Imagine Speech - Language Pathology are a small, centrally located speech-language therapy clinic, providing services with a focus on individualised support and neurodiversity affirming practices.

We are looking to recruit therapists on a full time and/or part time basis, with flexible working hours. The primary caseload is children 2-10 years with a range of communication difficulties.

Applicants **must** hold a recognised degree in speech-language therapy/pathology, and be fluent in English.

Desirable applicants may also:

- Be current members of HKAST and HKIST
- Have 1+ years of experience as a speech-language therapist

Imagine SLP provides the opportunity for applicants to develop their practice while working in a community which values diversity, collaboration, and person-centred care.
