

3-day Online More Than Words® (MTW) Licensing Certification Workshop by The Hanen Centre

A naturalistic, family-centered, strengths-based approach that empowers parents to support their child's communication during everyday interactions.

What You will Learn?

- Select appropriate communication goals for autistic children based on assessment of the child's strengths and current social communication skills.
- Apply principles of adult learning to enabling parents to become their child's primary communication facilitators.
- Teach parents to apply communication facilitation strategies specifically adapted to individual needs of autistic children flexibly and across contexts.
- Apply individualized communication facilitation strategies when supporting autistic children to facilitate their social communication goal attainment.

By qualified Instructor from **The Hanen Centre®**

For speech therapists
