The latest best ASD intervention

About the virtual workshop:

Project ImPACT is recognized as one of the most effective coaching programs for parents of young children with autism spectrum disorder and related social communication delays. It can also be used for 1-1 training package for children with ASD.

Dates: 8, 9, 15, 16 Nov 2025 from 0800 to 1130 (Hong Kong Time)

Targets:

Speech and Language Pathologists, Early Intervention Specialists, Psychologists, Occupational Therapists, Social Workers, and other providers who work with children having ASD and social communication challenges.

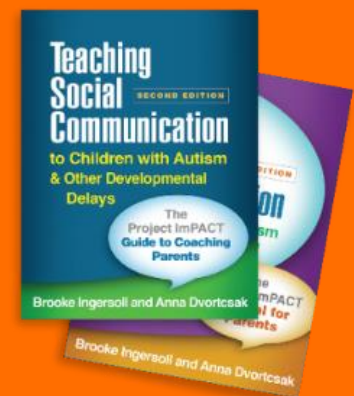

Price:

US\$750, including Beginner e-Course AND Advanced course. Those who have previously completed Beginner e-Course may contact the organizer to receive a US\$75 deduction.

Price includes:

Access to the Beginner e-Course and an e-book copy of the curriculum, *Teaching Social Communication to Children with Autism & Other Developmental Delays* (**FREE Coach & Parent manual sets**).

Discounts: Early Bird by 1 September 2025: US\$50 (code EB)
Group of 5 persons: US\$50 per person

Complete Beginner e-Course & Advanced course at one time!

Don't miss out

Beginner eCourse:

- 6 hours self-paced eLearning
- Must be completed before the Advanced course
- Covers ALL techniques of Project ImPACT curriculum

Advanced course:

- Parent training skills from recruitment, assessment, collaborating goal-setting, bedside intervention to case monitoring, progress review and training needs update
- Techniques for individual & group parent training models
