Online Survey

Technology use among SLPs in Hong Kong

What is it?

A study aims to investigate the use of technology among Speech-Language Pathologists (SLPs) practicing in Hong Kong, with a focus on both **conventional tools and emerging Gen-AI applications**, conducted by Prof. Eddy C. H. Wong and Prof. Ivy Cheng from the University of Hong Kong.

Who is eligible?

SLPs currently practicing in Hong Kong

How?

Scan me

What to do?

Complete an online survey (approximately 10 minutes)

Or click this link:
